In response to Amendment After Final filed April 9, 2007

### ***Reasons for Allowance***

1. The following is an examiner's statement of reasons for allowance:
  - a. Claims 1 - 11 are allowable over the Prior Art of Record because it fails to teach or suggest a position measuring system comprising a housing comprising a wall, said wall having an opening and comprising an integral deformation; a shielded cable comprising a shield around signal lines for preventing electromagnetic interference, wherein said cable is positioned within said opening and said signal lines are electrically connected to said measurement device so as to carry said measurement signal; and wherein said deformation of said wall fixes said cable in said opening and binds said shield to said housing so as to provide a secure electrical contact between said shield and said housing in combination with the remaining limitations of the claims.
2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
